

Legal Name of Requesting Entity: University of South Alabama

Address of Requesting Entity: 1660 Springhill Avenue, Mobile Alabama 36604

Description of Request: Provide \$2,500,000 for facilities and equipment. Of the requested funds, approximately \$1,250,000 (50%) will be used by the Mitchell Cancer Institute (MCI) to purchase a triple photon linear accelerator, a piece of advanced cancer treatment equipment for the MCI, the only research state university-based cancer center along the upper Gulf Coast, an area with cancer infection and fatality rates higher than the national average. Approximately \$892,300 (35.7%) will be used by the USA National Center for the Study of Medical Disaster Response for demolition and renovation of existing facilities; \$89,230 (3.5%) for architectural and engineering fees; \$18,470 (.7%) for video projection equipment and associated furniture; and \$250,000 (10%) to develop and/or purchase best of breed training simulators and training videos with the overarching goal of establishing a national library for use in training. The University of South Alabama, located in Mobile, Alabama, is a public university based in the heart of hurricane country, with a wealth of knowledge and experience in the field of disaster response. The center provides hospital and health personnel in Alabama and the gulf coast region with disaster management training. The center equips hospitals, first responders, and public safety officials with the necessary information and training to prepare for and manage patients and communities' critical health and safety needs in the event of a disaster.

EARMARK DECLARATION

HON. ADRIAN SMITH

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 23, 2009

Mr. SMITH of Nebraska. Madam Speaker, pursuant to the House Republican standards on earmarks, I am submitting the following information regarding earmarks I received as part of the Departments of Labor, Health and Human Services, and Education Appropriations Act for Fiscal Year 2010.

Requesting Member: Congressman ADRIAN SMITH

Bill Number: H.R. 3293

Account: Education/FIE

Legal Name of Requesting Entity: University of Nebraska Kearney

Address of Requesting Entity: Office of Sponsored Programs, University of Nebraska at Kearney, Kearney, NE 68849

Description of Request: Provide an earmark of \$350,000 for the University of Nebraska—Kearney's On-line Bachelor's Degree in Early Childhood Education program. The on-line program will enable in-service early childhood educators to retain their current jobs while earning bachelor's degrees to stay ahead of evolving federal and state professional development standards. Under the No Child Left Behind Act, states are working to close the achievement gap and ensure all students, including those who are disadvantaged, achieve academic proficiency. Schools that do not make progress must provide supplemental services, such as free tutoring or after-school assistance; take corrective actions; and, if still not making adequate yearly progress after five years, make dramatic changes to the way the school is operated. This project will enable Nebraska to stay in compliance with No Child Left Behind, Good Start, Grow Smart, Head Start Regulations, and state Early Childhood Initiatives.

EARMARK DECLARATION

HON. K. MICHAEL CONAWAY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 23, 2009

Mr. CONAWAY. Madam Speaker, pursuant to the House Republican standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3293—Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010.

In the Department of Education, Higher Education (includes FIPSE) account, an earmark for the Midland Independent School District, Midland, TX for teacher training was included on my behalf. The entity to receive funding for this project is the Midland Independent School District (ISD), located at 615 W. Missouri Ave., Midland, TX 79701.

Funding for this project will be used for Texas Mathworks. Texas Mathworks is a center for mathematics education formed by Texas State University System to develop model programs and self-sustaining learning communities that engage Texas K–12 students in doing mathematics at a high level. Funding in Fiscal Year 2010 will be used to

recruit and train six-to-eight teacher leaders from Midland Consolidated ISD at Mathworks training sites. Training includes observing a camp in the morning and then learning how to teach their own camp in the afternoon. Teachers will conduct their own Math Camp, assisted and mentored by the master teachers. Students will attend the junior summer math camps. During the academic year, the master teachers will pilot Part I of the curriculum, mentored and assisted by a full-time mathematics Peer Coach. These teachers will become part of a professional Math Inquiry Group. The Peer Coach will work closely with the faculty mentor to observe all teachers in their classrooms, give input and guidance and collect data required by the external evaluator.

In the Department of Health and Human Services, Health Resources and Services Administration (HRSA)—Health Facilities and Services account, an earmark for the Texas Tech University Health Sciences Center (TTUHSC), Lubbock, TX for facilities and equipment was included on my behalf. The entity to receive funding for this project is the TTUHSC, located at 3601 4th Street, Lubbock, Texas. Funds would be used at the Laura W. Bush Institute for Women's Health—Odessa, TX Campus.

The mission of the Laura W. Bush Institute for Women's Health is to cultivate and advance multi-disciplinary science in women's health and to promote the well-being of women through research, education, and community outreach. This initiative will provide resources for tissue banks at TTUHSC dedicated to women's health and research into gender differences in health. This project will accomplish the following: (1) Create a women's health tissue bank on the TTUHSC campuses in Amarillo, El Paso, and Odessa to receive, store, and distribute a full range of biological specimens, such as whole organs, tissues, cells, and DNA. (2) Develop protocol to establish an organized repository of characterized tissues for collection and maintenance useful for a wide range of women's health research studies. (3) Collaborate with the Research Institutional Review Board to assist in the development of standards in methodology, management, and education regarding tissue bank specimens. (4) Develop a priority hierarchy for tissue distribution to assist researchers in fulfilling the purpose of taking research from the laboratory to the patient. (5) Create a reporting standard and method for researchers describing the purpose, process, and evaluation of the tissues used in laboratory research. (6) Improve the knowledge and breadth of research in the field of women's health and gender differences in health.

In the Department of Health and Human Services, Centers for Disease Control and Prevention (CDC) account, an earmark for Texas Tech University Health Science Center (TTUHSC), Lubbock, TX for the West Texas Center for Influenza Research, Education and Treatment was included on my behalf. The entity to receive funding for this project is the TTUHSC, located at 3601 4th Street, Lubbock, Texas. Funds would be used at the Odessa, TX Campus.

The West Texas Center for Influenza Research, Education and Treatment at the TTUHSC would provide a model of care of the influenza patient using a large network of primary care physicians from around West Texas. It would also develop an infrastructure
